STATE WATER RIGHTS BOARD

Dated: July 1965

This permit is issued and permits it subject to the following provisions of the Water Code:

Section 1390. A permit shall be effective for such time as the water actually appropriated under it is used for a useful and beneficial purpose in connection with this division (of the Water Code), but no longer.

Section 1391. Every permit shall include the consumption of conditions herein which in substance shall include all of the provisions of this article for any rights granted to be exercised by any person or entity under the Water Code, or for any rights granted to any person or entity under the Water Code, in respect to any valuation for purposes of sale to or purchase, whether through acquisition or otherwise, by the State or any city, city and county, municipal water district, irrigation district, or any political subdivision of the State, or of any other entity of any rights and property of any permittee, or the possessor of any rights granted, issued, or acquired under the provisions of this division (of the Water Code) or in respect to any valuation for purposes of sale to or purchase, whether through acquisition or otherwise, by the State or any city, city and county, municipal water district, irrigation district, or any political subdivision of the State, or of any other entity of any rights and property of any permittee, or the possessor of any rights granted, issued, or acquired under the Water Code).

Section 1392. Every permittee, if he accepts a permit, does so under the conditions precedent that no value whatsoever in excess of the actual amount paid to the State therefor shall be assessed against the services of the holder of any rights granted under the Water Code, or for any rights granted to be exercised by any person or entity under the Water Code, in respect to any valuation for purposes of sale to or purchase, whether through acquisition or otherwise, by the State or any city, city and county, municipal water district, irrigation district, or any political subdivision of the State, or of any other entity of any rights and property of any permittee, or the possessor of any rights granted, issued, or acquired under the Water Code.

10. This permit and all rights acquired or to be acquired hereunder shall be subject to a future depletion of streamflow above Goodwin Dam excluding North Fork Stanislaus River and tributaries not to exceed 90,000 acre-feet of water in any three-year period by lawful appropriations of water for reclamation benefit within the service area of Tuolumne County Water District No. 2, without regard to the time such appropriations are initiated.

9. To the extent that their provisions relate to matters within the jurisdiction of State Water Rights Board this permit is subject to the terms of agreements between the State Water Rights Board and Parks of California Department of Fish and Game, dated May 10, 1962, and the Division of Beaches and Parks of the State of California, dated May 14, 1962, and the permittee and the California Department of Fish and Game, dated May 10, 1962, and the Division of Beaches and Parks of the State of California, dated May 14, 1962, and Parks Exhibits 4 and Beaches and Parks Exhibit 3, respectively.

8. Permittee shall allow representatives of the State Water Rights Board and other parties, as may be authorized from time to time by said Board, reasonable access to project works to determine compliance with the terms of this permit.

7. All rights and privileges under this permit including method of diversion, method of use and quantity of water available to prevent waste, unreasonable method of use or unreasonable method of diversion of said public authority of the State Water Rights Board in accordance with law and in the interest of the public welfare to the continuing authority of the State Water Rights Board, unless or until license is issued.

6. Progress reports shall be filed promptly by permittee on forms which will be provided annually by the State Water Rights Board until license is issued.

5. Complete application of the water to the proposed use shall be made on or before December 1, 2015.

4. Said construction work shall be completed on or before December 1, 1969.

3. Actual construction work shall begin on or before September 1, 1968, and shall thereafter be prosecuted with reasonable diligence, and if not so commenced and prosecuted this permit may be revoked.

2. The maximum amount herein stated may be reduced in the license if investigation warrants.
